## Education:

**University of San Francisco | San Francisco, CA**

**08/2021 - 12/2024**

### Computer Science

#### MAGICS Lab Member

- A research lab where my peers and I learn and discuss ML, AI, game intelligence, and computing at Scale and visualization of data.
- Learned how to discuss complex topics with my peers of all levels of knowledge and most importantly how to ask clarifying questions.

#### Muay Thai Club President

- Helped to ensure a trusting environment between team members by organizing events and helping to teach about the Muay Thai martial art.

**Universidad Eugenio Maria de Hostos | New York, NY**

**Graduated: 06/2021**

### Liberal Arts

- Dual Enrollment program while in HS.
- Graduated with an Associates Degree in Liberal Arts

## Projects:

### Fire Prevention - USFCA University Magics Lab

**12/2021 - 09/2022**

- Utilized ML algorithms in order to analyze and predict fire spread in different regions.
- Self-actualized in order to learn concepts behind deep neural networks and different AI learning methods.
- Handled large dataframes through the use of Pandas and Numpy

### Lorenzo's Cleaners - Front End Application

**05/2023 - Present**

- Developed a mock cleaning service site using React.js and Styled-Components.
- Emphasized site scalability and reactivity across different user screen sizes.
- Implemented responsive design principles for optimal user experience.

### EnronDS Search

**03/2023**

- Employed a graph data structure in Java to search over 400,000 connections in the Enron email dataset.
- Developed clear and efficient code capable of handling large-scale data.
- Demonstrated proficiency in optimizing search algorithms for improved performance.

## Skills:

### Front End Development

- HTML, CSS, JQuery, React.js, Vite, Jest, Git

### Data Analysis

- Matplotlib, Pandas, Numpy, Problem Solving, Microsoft Office

**Programming Languages:** Python, JavaScript, Java, C

## Experience:

**Cartier | CA, San Francisco Boutique Assistant & Client Experience Coordinator**

**10/2021 - 03/2022 & 11/2022 - 3/2023**

- Consistently curated unique experiences for clients by engaging them, entertaining them and exceeding their needs.
- Handling, connecting and troubleshooting POS systems.
- Maintaining the Cartier standard of hospitality, presentation, knowledge and etiquette.
- Handling small IT and technology related issues in the boutique.
